FREQUENTLY ASKED QUESTIONS

How much time is required of a member of the Council of Advisors?

Time commitments will vary based on the number of advisors, the needs of the chapter, and of course your availability. While we ask that our advisors have a frequent presence with the chapter and its members, there is flexibility in how this is carried out based on your availability and the needs of the chapter. Typically, this may range from a few times per month to a few hours per week. In some cases, advising may only need to take place during designated times throughout the year.

Do I need to be a member of Pi Kappa Phi in order to be on the Council of Advisors?

It is not required that you be a member to hold any position on the Council of Advisors, with the exception of Ritual Advisor. Instead, we hope to find individuals from a variety of backgrounds and experiences to advise the chapter.

Can I advise from a distance?

With today's technology, it is easier than ever to advise remotely. While we do expect frequency of communication and presence from our advisors, this can be done in the form of phone or video conferencing. Chapter Advisors, however, must live locally.

How long is my term of office?

Members of the Council of Advisors are appointed by the Chapter Advisor and serve without fixed terms. The Chapter Advisor will collaborate with the National Headquarters staff to provide training and resources to each member of the Council of Advisors, as well as ongoing feedback. The Chapter Advisor will also work with the individual advisor to assess his/her desire to continue in the position.
