

CANDLE WATCH INSTRUCTIONS 2020 EDITION SIX-WEEK VERSION

INSTRUCTIONS

Welcome to the Candle Watch. Soon, you will make an important decision: the decision to become an initiated and lifelong brother of Pi Kappa Phi. Before making that decision, however, it is important to reflect on your journey so far.

Before you is a journal containing the reflections of those who came before. Before adding your own entry to the journal, please read Epilogue: Secret Thoughts of a Ritual in your copy of *The White Diamond*. It can be found on pages 193-197.

After reading the epilogue, feel free to read the entries in the journal of the men who have come before you. Then, add your own. Be respectful of space; no member should take more than one page of the journal.

When you complete your entry, please ensure you leave the room as you found it.
